# *B.d.* Web Tracker Portal – Initial Project Scope Quote

Philip Kahn — July 20, 2015

July 20, 2015

## 1 Scope

- Integration of data from *Bd*-Maps
- Evaluate and potentially use some code from the RanaVirus tracker by the Eco Health Alliance
- Mapping as a first tier citizen - directly queryable and sortable maps
- Utilize taxonomy from AmphibiaWeb database

## 2 Project Date

The project is estimated to begin in August 2015. No target release date has yet been set.

## 3 Quote

**Initial Quote:** \$5000
